REMOVAL & INSTALLATION

* PLEASE READ THIS FIRST *

WARNING: Celica is equipped with a driver-side air bag. Before servicing steering column, disable air bag system to prevent air bag deployment. To disable air bag system, turn ignition switch to LOCK position. Disconnect negative battery cable. Wait at least 90 seconds to allow back-up power supply to discharge. For more information, see AIR BAG RESTRAINT SYSTEM article in the ACCESSORIES/SAFETY EQUIPMENT section.

COMBINATION SWITCH

1) Remove steering wheel. See STEERING WHEEL. Remove upper and lower steering column covers (it may be necessary to first remove lower finish panel from instrument panel). Disconnect combination switch connector. See Fig. 6.

2) On vehicles with cruise control switches on steering wheel, disconnect cruise control electrical connector(s) from slip ring. Remove slip ring from combination switch.

3) Remove wire ties securing combination switch wiring harness to column. Remove screws securing combination switch to steering column. Remove combination switch. To install, reverse removal procedure.

IGNITION SWITCH

1) Disconnect negative battery cable. Remove upper and lower steering column covers (it may be necessary to first remove lower instrument panel trim panel). Remove outer plastic trim cover from lock cylinder assembly (if equipped).

2) Disconnect ignition switch electrical connector(s). Remove screw(s) retaining ignition switch to lock cylinder. Remove ignition switch from lock cylinder. To install, reverse removal procedure.

STEERING WHEEL

Removal

1) Ensure front wheels are in straight-ahead position. Turn ignition switch to LOCK position. Remove key. Disconnect negative battery cable. Remove 2 screw covers from outer sides of steering wheel. Using Torx Wrench (T30), loosen 4 horn pad screws until screw head is snug against screw case. See Fig. 7.

2) Carefully pull steering wheel pad away from steering wheel enough to unlock and disconnect air bag electrical connector. DO NOT pull on electrical connector or wiring. Store air bag pad aside with pad facing upward.

3) Remove steering wheel lock nut and washer from steering shaft. Make alignment mark on steering shaft and steering wheel for installation reference. Using appropriate steering wheel puller, pull steering wheel from shaft while guiding spiral cable wire through steering wheel opening.

Installation

1) Ensure front wheels are in straight-ahead position. Install spiral cable on combination switch body. Turn spiral cable counterclockwise by hand until it is hard to turn. Turn spiral cable clockwise about 2 1/2 turns, aligning marks on spiral cable.

2) Install steering wheel, guiding spiral cable through opening in steering wheel. Align reference marks on steering shaft and steering wheel. Tighten steering wheel lock nut to specification. See TORQUE SPECIFICATIONS.

3) Connect air bag module electrical connector. Close connector lock. Ensure air bag module Torx screws are retracted and snug against screw case. See Fig. 7.

4) Install air bag module, ensuring wiring is not pinched and does not interfere with other moving parts. Tighten air bag module Torx screws to specification. Install screw covers. Connect negative battery cable.

TURN SIGNAL/DIMMER SWITCH

NOTE: To remove turn signal/dimmer switch, it may be necessary to first remove headlight control switch, spring, ball and ball set plate. See Fig. 6.

Removal

1) Disconnect negative battery cable. Remove steering column covers. At combination switch connector, lift tab locks and remove clamp. See Fig. 8. Identify turn signal/dimmer switch wire terminals in combination switch connector.

2) Using miniature screwdriver, release wire terminal lock inside connector. Pull wires from connector and from harness jacket tubing. Remove turn signal/dimmer switch screws from combination switch body. See Fig. 6. Remove turn signal/dimmer switch.

Installation

To install, reverse removal procedure. To install wire terminals into combination switch connector cavities, push wire terminal into cavity until terminal clicks into place.
